German - B2

About Me

The highest priorities at the moment are the comprehensive development and implementation of various ideas, the application of various acquired skills to improve the world around me. I like to experiment and develop non-standard approaches and algorithms. From personal qualities I can point out - responsibility, discipline, ingenuity, honesty, the ability to work both in a team and independently, the ability to look at the situation outside the box.

Experience

XelaDG, Kiev (Ukraine), MARCH 2020 — FEBRUAR 2022

Creator & Consultant

Creation and testing of the developed algorithm for managing a small enterprise. After successful tests - transition to the role of a consultant

Heliotrope.digital, London (UK) (remote), JUNE 2019 — JANUARY 2020, SEPTEMBER 2022 — JANUAR 2023
